Extension: Rule 6a-3

Notice is hereby given that pursuant to the Paperwork Reduction Act of 1995 (“PRA”) (44 U.S.C. 3501 et seq.), the Securities and Exchange Commission (“Commission”) is soliciting comments on the existing collection of information provided for in Rule 6a-3 (17 CFR 240.6a-3) under the Securities Exchange Act of 1934 (15 U.S.C. 78a et seq.) (“Act”). The Commission plans to submit this existing collection of information to the Office of Management and Budget (“OMB”) for extension and approval.

Section 6 of the Act sets out a framework for the registration and regulation of national securities exchanges. Under Rule 6a-3, one of the rules that implements Section 6, a national securities exchange (or an exchange exempted from registration as a national securities exchange based on limited trading volume) must provide certain supplemental information to the Commission, including any material (including notices, circulars, bulletins, lists, and periodicals) issued or made generally available to members of, or participants or subscribers to, the exchange. Rule 6a-3 also requires the exchanges to file monthly reports that set forth the volume and aggregate dollar amount of certain securities sold on the exchange each month.

The information required to be filed with the Commission pursuant to Rule 6a-3 is designed to enable the Commission to carry out its statutorily mandated oversight functions and to ensure that registered and exempt exchanges continue to be in compliance with the Act.

The Commission estimates that each respondent makes approximately 12 such filings on an annual basis. Each response takes approximately 0.5 hours. In addition, respondents incur shipping costs of approximately \$20 per submission. Currently, 24 respondents (24 national securities exchanges) are subject to the collection of information requirements of Rule 6a-3. The Commission estimates that the total burden for all respondents is 144 hours and \$5,760 per year.

Written comments are invited on: (a) whether the proposed collection of information is necessary for the proper performance of the functions of the Commission, including whether the information shall have practical utility; (b) the accuracy of the Commission's estimates of the burden of the proposed collection of information; (c) ways to enhance the quality, utility, and clarity of the information collected; and (d) ways to minimize the burden of the collection of information on respondents, including through the use of automated collection techniques or other forms of information technology. Consideration will be given to comments and suggestions submitted in writing within 60 days of this publication.

An agency may not conduct or sponsor, and a person is not required to respond to, a collection of information under the PRA unless it displays a currently valid OMB control number.
